DISPLAYSTAR®

*The **Leading Manufacturer** of Portable Exhibit and Outdoor Displays*

New for 2018

2018 DISPLAY CATALOG

We believe in the power of visual communications.

The images that capture the moments of a larger story.

ABOUT US

Dear Valued DisplayStar® Customer,

As every marketing professional knows—trade show success starts with a well thought-out plan and ends with flawless execution. There are no second chances in making that first impression.

That's why, since 2002, DisplayStar® has taken great pride in working with you to set your brand apart from the rest—whether it be creating a custom trade show booth or a street pole banner. We understand the power of visual communications and the challenges you face attracting, engaging and fostering your customers.

Our mission has always been to provide distinctive quality and unparalleled service every step of the way—from the introduction of your first creative conceptions to our design and production teams, to the on-time, economical delivery of your finished product.

We have also strived to gain the respect and trust of our customers, suppliers and partner vendors as it has been a privilege and honor to work with you over the years.

As we present our 2018 DisplayStar® Catalog, it is our hope that we can continue to face the challenges of visual marketing and grow our businesses together.

Respectfully,

Terrence Niedermeyer
President

TOTAL IGNITION

Illumination on both sides.

- Freestanding back-lit LED lighting creates long-distance, high visibility with stunning visual impact
- Dye-sublimation graphics deliver deep density colors and blacks that brighten, but not wash-out with back lighting
- Soft fabric offers richness and intensity of both color and texture
- Front and back panels are inter-changeable and slip into frame for easy set-up or change-out
- Ultra-bright LED lights emit an even glow on both sides
- Silicone strip stitched to the graphic's edge, and seated in the frame, makes for a drum-tight fit

> Light Box Counter LBC1G $775.00

DYE-SUBLIMATION FABRIC FRAMES

Silicone-edged fabric graphics make changing images simple—just push the silicone edge into the groove on the frame and the new image is stretched securely into place

- Single or double-sided
- Custom frames available
- Full-color seamless, dye-sublimation fabric
- Sleek, modern profile
- Edgeless frame leaves more surface for graphic

Side-by-side, angles and other configurations are offered on a project basis

Please call for a prompt quotation

Graphics slips easily into frame

Available in Single or Double Side

Slim/Easy wall mount bracket

- Layout & typesetting
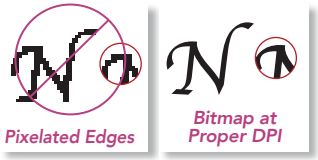
- Photo editing includes: cropping, color adjusting and cloning.
- Create vector elements.

8′ Star Fabric Pop-Up with End Caps

8-11 HOURS

- Layout & typesetting
- Photo editing includes: cropping, color adjusting and cloning.
- Complex layer design

BITMAP VERSUS VECTOR



Pixelated Edges

Bitmap at Proper DPI

BITMAP - RASTER IMAGE

Bitmaps images are made up entirely of pixels. When enlarging a bitmap image, additional pixels are added to create this new size.

The "new" pixels pick up and average colors from neighboring pixels in an attempt to create a new color that will blend between areas.This is where the overall image suddenly becomes soft and blurry and sharp defined edges develop noticeable jagged pixelated edges.

VECTOR IMAGE

Vector graphics use points, lines and curves to create an image. It's based on mathematical formulas and unlike bitmaps can be enlarged to any size, any resolution, without losing detail.

HOW TO PREPARE GRAPHIC FILES

TEMPLATES - SIZE

Layout guidelines and templates can be downloaded from each of the product pages on our website.

Make your graphic dimensions match the product you are purchasing.

Your image should be to size of your product at 72-150 dpi.

Bleeds: Not all products require bleeds; check guidelines for specific product requirements.

RESOLUTION - FILE TYPES

Final size files are only required to be 72–150 dpi.

You can view your file in Photoshop at 100% to see how it will look when printed.

If designing to reduced scale, adjust dpi accordingly.

We accept files from the following programs and formats: Adobe Photoshop and Adobe Illustrator: .ai, .psd, .tiff, .eps and high resolution jpg.

COLOR

Your print file must be in CMYK format.

Colors can look drastically different when converted from RGB. We can color match with a provided PMS code and editable files.

However, we can only guarantee color accuracy when a printed proof is ordered and approved.

PROOFS

We always e-mail a digital proof before production. It is your responsibility to proofread all your text. Please be aware that we will print your graphics exactly as you send them to us.

Spelling or grammatical errors are your responsibility.

After your proof has been delivered, we will wait for your approval before printing your artwork.

We rely solely on your approval of the proof as final verification and acceptance of the project.

Any adjustment to your graphic can take time and fees may apply if your modifications or adjustments take an hour or more.

PRODUCTION TIME

All Production times are based on graphic approval and full payment.
Production will start the day following graphic approval.

HOW TO PLACE YOUR ORDER

Make sure to include your contact information so that we can match the art with the order.

PLACE ORDER

Go to www.displaystar.com to find the products you need. Choose sizes, quantity, material type, additional options or more products and checkout.

Or simply call **1.866.864.2831**
Live Chat also available

SUBMIT FILES

Once you have placed your order you can submit your print files on our website under the "Send Us Art" tab. Follow directions for uploading
or e-mail art to: graphics@displaystar.com

APPROVE

Within one business day of uploading your print files, we will e-mail you a digital proof and an order confirmation. We will not print your files without your written approval. If you would like to order a printed hard proof to ensure color and resolution, please contact us.

PAYMENT AND SHIPPING INFORMATION

PAYMENT

We accept Visa, Master Card, Discover and American Express credit cards, PayPal, check or wire transfer. Orders are not shipped or put into production until payment has been made.

PRODUCTION

Orders with hardware only will usually ship within 24 hours. If printing is involved, production starts after proof approval. Normal turnaround is three to five business days unless requested otherwise.

SHIPPING

We ship via Fed Ex and UPS. Shipping costs are additional unless we ship on your account.
Non-U.S. orders: all customs, duties, and taxes are additional and are the responsibility of the buyer.

NON-U.S. ORDERS

We require brokerage information or a credit card on file for future customs, duties, and taxes that we will bill you.

RUSH ORDERS

Orders must ship via overnight service. Orders of this nature take a minimum of one day for vinyl banners and a minimum of two days for fabric. If you require a two-sided vinyl print, the minimum production time is five business days. Rush fees are non-refundable. Rush orders are subject to availability based on time, production schedule and size of order. Please contact us for more information.
If we are given only one opportunity to print and a graphic defect is found, we will ship your product AS IS. However, after the show, we would be happy to reprint the graphic at 50% off.
