

BANNER STAND ASSEMBLY

(Instructions for RBS36S)

1. Turn graphic side facing downwards.

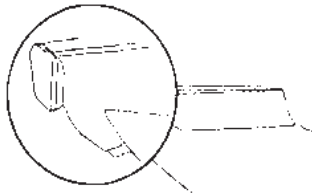

2. Peel back a small amount of protective on the top profile.

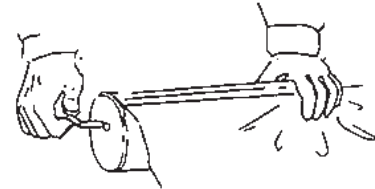

3. Place the other side of the graphic into the poster clip.

4. Remove the white protective strip. Apply the graphic side facing upwards. Follow the black line. Apply extra tape over the joint on both sides.

5. Press the graphic with a firm grip against the tube with left hand. Remove the locking pin. **NOTE! THE MECHANISM IS NOW ACTIVATED.**

6. Hold the graphic with both hands according to sketch, let the graphic roll into the tube carefully.

7. Place the pin into the clips under the tube.

Changing of image

- Remove the locking pin from the clips under the tube.
